

Quality Policy:

Contracting Office Company Ltd. is fully committed to provide construction services of consistent quality in the field of substations and building infrastructure that conform fully with company and statutory requirements and in meeting our clients' documented and implied expectations in terms of technical budget and time compliance.

Our commitment to ISO 9001:2008 Quality Management System is found in our core values which serve as our standard for performance. In execution, it is serving as our foundation for guiding our motivation for excellence and decision-making and our impetus for continuous improvement.

Develop and maintain a culture that incorporates constant problem solving and continuous improvement, encouraging all employees to take total pride in and responsibility for their work and the development of better working practice.

The management extends its full support to achieve this policy through continually improving the effectiveness of the Quality Management System and seeking new and innovative methods that will help us to be flexible in order to enhance customer's satisfaction and their changing needs.
